

DAINTREE TOURS

ABOUT DAINTREE TOURS

Our experienced guides will take you to the best local rainforest in the Daintree National Park while travelling in our fleet including the Mercedes Sprinter vehicles.

Daintree Tours leave from Port Douglas daily, travelling into the ancient Daintree National Park. Our early departure at 7:20am, from Port Douglas, allows for ample time to explore this incredible ecosystem.

Our day trips provide a unique Daintree Rainforest experience for all guests. The drive to the National Park offers scenic lookouts & picnic areas, emerald forests, golden sands and blue water views.

Guests experience the rich diversity of the Daintree Rainforest through various national park walks. The Daintree Rainforest contains 30% of frog, marsupial and reptile species in Australia.

The Daintree Tours' fleet consists of Mercedes Sprinters, each carrying 11 guests for a premium personalised rainforest experience.

Daintree Tours' guides have extensive naturalist experience and enjoy sharing these natural wonders with you.
